CONCEPT

PRODOTTO BREVETTATO

Posiziona CONCEPT sull'area di lavoro, sia il cliente che lo staff potranno beneficiare di un'aria più pulita e salutare. Riduce i problemi allergologici o la semplice lacrimazione degli occhi. Sanifica l'aria dell'ambiente. Elimina germi e virus presenti nell'aria grazie alla lampada UV-C interna e ai potenti filtri senza dover mai lasciare il salone.

Place Concept on the working area. Customer and the staff will benefit from cleaner and healthier air. Reducing allergy problems or simple watery eyes. The ambient air is sanitized. Eliminates germs and viruses present in the air thanks to the internal UV-C lamp and powerful filters without ever having to leave the salon.

Regolazione del punto di bianco da toni più rilassanti a toni più tecnici per esaltare i lavori più impegnativi. Il colore della luce naturale non vira il risultato di colorazione sul capello.

Turnable white adjustment from more relaxing to more intense tones to enhance more technical works. The colour of natural light does not affect the colouring result on the hair.

LED COMANDO WIFI 3 filtri UV-C

FILTRAZIONE DELL'ARIA

FILTER SYSTEM

Filtro carboni
Filtro HEPA
Pre-filtro

SISTEMA PROFESSIONALE DI FILTRAZIONE DELL'ARIA

Fino a tre livelli di filtrazione per rimuovere esalazioni e odori

PROFESSIONAL AIR FILTRATION SYSTEM

Up to 3 levels of filtration to remove fumes and smell

SANIFICAZIONE DELL'ARIA

OZON FREE!

-98,0%

UVC LAMP

SISTEMA PROFESSIONALE DI SANIFICAZIONE DELL'ARIA

Sanificazione dell'aria mediante filtri e lampada UV-C

PROFESSIONAL AIR DISINFECTION SYSTEM

Air disinfection using filters and UV-C lamp

ILLUMINAZIONE A LED

SISTEMA PROFESSIONALE DI ILLUMINAZIONE

Studiato per vedere i migliori risultati nella fase di colorazione capelli o lavori tecnici

PROFESSIONAL LIGHTING SYSTEM

Designed to see the best results in the hair colouring phase or technical work

3 filtri

TRE FILTRI

Un pre-filtro per il PMI
Un filtro HEPA ad alta filtraggio
Un filtro ai carboni attivi per agenti chimici

3 Filters

A pre-filter for the PMI
A high-filtering HEPA filter
An activated carbon filter for chemicals agent

Telecomando Wi-Fi

Gestisci fino a 4 lampade con un solo telecomando

Wi-Fi remote control

Manage up to 4 lamps with a single remote control

UVC PROFESSIONAL
VIRUS KILLER

UV-C

Le radiazioni UV-C disattivano e prevengono la crescita di batteri, virus, microrganismi e permettono una disinfezione diretta dell'aria presente nell'ambiente

UV-C

UV-C radiation deactivates and prevents the growth of bacteria, viruses, microorganisms and allow direct disinfection of the air present in the environment

LED

Luce a LED

Possibilità di regolare l'intensità luminosa

Luce a LED PLUS

Possibilità di regolare l'intensità luminosa e il colore da luce calda a luce fredda

LED light

Ability to adjust the light intensity

PLUS LED light

Ability to adjust the light intensity and the colour from warm light in cold light

NO HAIR

Ceriotti®

MADE IN ITALY

RUOTE ANTICAPELLO

- MINIMO CONTATTO CON IL PAVIMENTO
- PIÙ SCORREVOLEZZA
- MENO MANUTENZIONE

Lo spessore ridotto della ruota riduce notevolmente la superficie di contatto con il pavimento, rendendo minima la raccolta di eventuali capelli e lasciando la ruota sempre pulita ed efficiente. Anche la forcella, con la sua conformazione, è stata disegnata per evitare che i capelli si raccolgano attorno al perno.

È possibile comunque effettuare una pulizia più approfondita smontando la ruota nella sequenza indicata con semplici operazioni.

The thinner wheels make reduced contact with the floor and collect less hair, remaining always clean and efficient.

The fork too, with its shape, has been designed to prevent hair from wrapping around the spindle. It's anyway possible to clean it more thoroughly by removing the wheel as indicated in the sequence.
