# BODY & CARE TRIMMER 5251

Professional wireless epilator which thanks to its dual head allows to depilate large areas of the body like chest, arms and back; while trimming the hair on sensitive areas such as the nose or ears, and trimming eyebrows and sideburns. In addition, its small size and its charging station, allow you to take it wherever you want.

- Small size.
- “AAA” 1.5V Battery.
- Includes fitting base.
- On / off button.
- Double interchangeable head.
- Weight: 88 gr.

# HAIR CLIPPER BRIEFCASE ER COMPACT

# PRECISION BULLET HAIR CLIPPER

- Absolute precision, total control, perfect gradients and flawless finish with PRECISION BULLET by ITALIAN DESIGN. This precision hair clipper has become indispensable, due to its small body, round metal handle with non-slip relief for easy grip and use. Where and when you want, for the hair and for the beard, this little one does not understand inaccuracies.
- Its engine is a high performance PD silver alloy with 6000 RPM. Its consumption and noise are reduced by half.
- Steel blades and 4 combs for a total precision of 1/2/3/4 mm.
- Its led light has several indications, power on, low battery and recharge.
- It is wireless but can be used while recharging (connection via USB port).
- Includes a practical maintenance and cleaning kit.
- Overheating protection.
- Ecofriendly.
- 5W power, universal voltage and frequency.
- European plug.
